

ORACLE ACADEMY

Oracle Academy

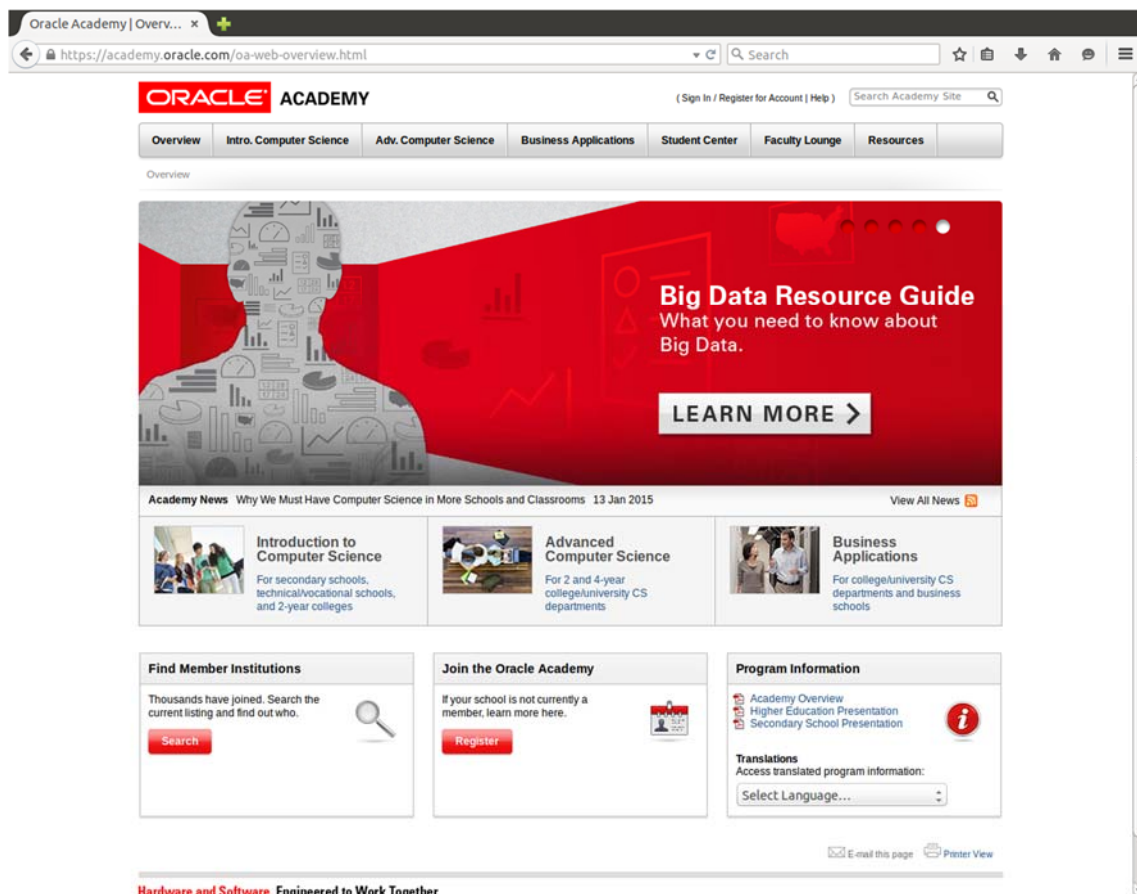

Cursos de formación de Oracle, gratuitos para estudiantes y personal de la UNIVERSIDAD MIGUEL HERNÁNDEZ

Los Servicios Informáticos de la Universidad Miguel Hernández se han inscrito al programa ORACLE ACADEMY mediante el cual la empresa Oracle, ofrece acceso libre e ilimitado al PROGRAMA ORACLE ACADEMY para todos sus alumnos y profesores y en general todo el personal de la Universidad.

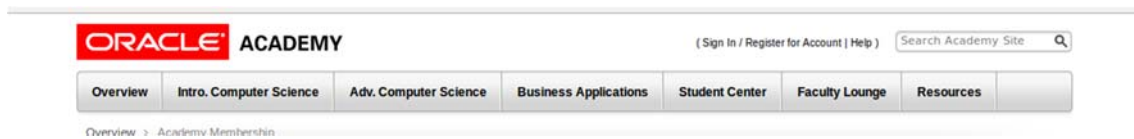

El contenido de los cursos a los que se accede es Bases de datos, Middleware, Tecnología Java, Sistema Operativo Solaris, entre otros.

A continuación se detallan los pasos a seguir para acceder a cursos virtuales dentro de la iniciativa Oracle Academy.

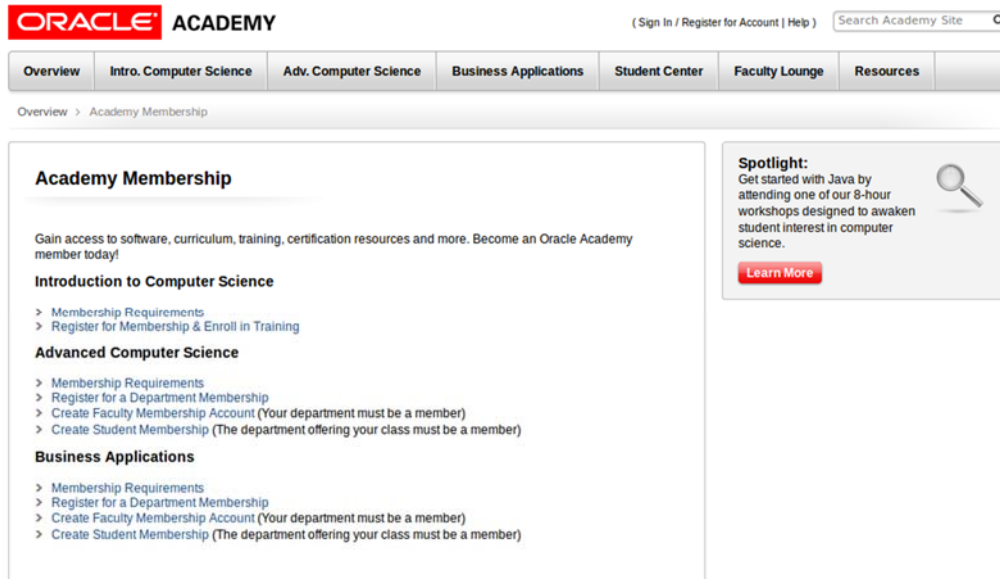

La página de acceso es: <https://academy.oracle.com/>

REGISTRO PARA NUEVOS USUARIOS:

Pulsando sobre “Registre for Account” accedemos a la página de registro

Donde debemos de seleccionar la categoría “Advanced Computer Science” la opción de “Create Student Membership”

Advanced Computer Science

- > [Membership Requirements](#)
- > [Register for a Department Membership](#)
- > [Create Faculty Membership Account \(Your department must be a member\)](#)
- > [Create Student Membership \(The department offering your class must be a member\)](#)

Vamos rellenando los campos solicitados:

The screenshot shows the "Create Student Membership" form. The title "Create Student Membership" is at the top. Below it, there are two dropdown menus: "Country" with "Spain" selected and "Language" with "English" selected. To the right of the "Language" dropdown is a "Continue" button. Below the dropdowns, there is a paragraph of text: "If you do not see your country, please [contact us](#). Please include your name, institution name, contact information and country."

During the application process, applicants are presented with the terms and conditions of the Oracle Academy Agreement for review and acceptance. Acceptance of the Terms and Conditions is required for program membership.

In addition, students participating in Oracle Academy classes can choose to install the Oracle software on their personal computers. Those that choose to install the software are required to Create a [Student Membership](#) then print, review, sign and submit the terms and conditions of the Oracle Academy Student License Agreement to their instructor.

Those students under 18 years old are also required to have a parent or guardian complete and submit via fax the Parental Consent Form. The form is presented during the application process with the Oracle Academy Student License Agreement.

Online Terms & Conditions are not available for your country - to accept the Oracle Academy membership Terms and Conditions, please follow these instructions for acceptance:
Download and print the print friendly version of this document using the link provided
Click "Continue" at the bottom of this document, and follow instructions for completing the Oracle Academy student application process
Sign a hard copy of the Oracle Academy Student License Agreement and submit it to your instructor
IMPORTANT: Your student membership is not valid until you submit a signed agreement to your instructor.

[Continue](#)

Llegados a este punto, buscaremos “Universidad Miguel Hernandez”:

Search for Your Institution

Enter a unique keyword in the Search for institution field and select your country, then click the Search button to find institutions matching your criteria. Example: To find the University of Toronto in Canada, enter keyword "Toronto". Avoid using common words like "University" as this will return all entries with the word "University" in the name.

Search for Institution

Country [Search](#)

Y nos aparecerá el departamento “Servicios Informaticos”, para seleccionar:

Search for Your Department

Choose your department from the list below. If you cannot find your department, [click here](#) ▶▶▶

ACCESO PARA USUARIOS YA REGISTRADOS:

Una vez creado el usuario ya podemos acceder a la formación de Oracle

https://academy.oracle.com/oa-student_es.html

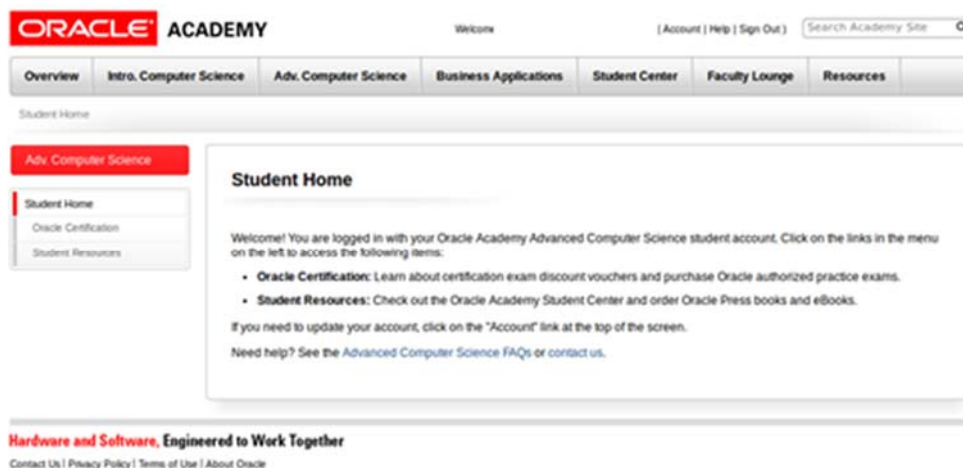

Importante en el tipo de indicar “Informática Avanzada”

Cuenta de estudiante de Academy

The screenshot shows a login form for an Oracle Academy student account. It includes a dropdown menu for 'Tipo' (Type) with 'Informática Avanzada' selected, a text input field for 'Nombre de Usuario' (Username), and another text input field for 'Contraseña' (Password). Below the fields is a red 'Conectar' (Connect) button and a blue link for '¿Necesita Ayuda?' (Need Help?).

Nos logamos con el usuario creado con anterioridad. Ya estamos listos para añadir cursos de formación

The screenshot shows the Oracle Academy student home page. The top navigation bar includes the Oracle Academy logo, a welcome message, and links for 'Account', 'Help', and 'Sign Out'. Below the navigation bar is a menu with options: 'Overview', 'Intro, Computer Science', 'Adv. Computer Science', 'Business Applications', 'Student Center', 'Faculty Lounge', and 'Resources'. The main content area is titled 'Student Home' and contains a welcome message and a list of links: 'Oracle Certification' and 'Student Resources'. The footer includes the Oracle slogan 'Hardware and Software. Engineered to Work Together' and links for 'Contact Us', 'Privacy Policy', 'Terms of Use', and 'About Oracle'.

Seleccionando “Student Resources” “Visit the Student Center”

Learn	Interact										
<h3>Java Development Environments</h3> <p>Oracle Academy students may access the following environments to learn Java, the development technology used by more than 9 million developers worldwide. Click on the images below to download these Java development environments from their respective web sites.</p> <table border="1"> <tr> <td></td> <td></td> <td></td> <td></td> <td></td> </tr> <tr> <td>Alice</td> <td>Greenfoot</td> <td>BlueJ</td> <td>Eclipse</td> <td>NetBeans</td> </tr> </table> <p>Developed by Carnegie Mellon University, Alice is designed to awaken students' interest in computer programming. Suitable for students ages 8-22 and downloaded more than a million times a year, Alice is used by thousands of schools globally.</p> <p>> Visit the Alice Site</p>							Alice	Greenfoot	BlueJ	Eclipse	NetBeans
											
Alice	Greenfoot	BlueJ	Eclipse	NetBeans							
<h3>Oracle Press Books</h3> <p>Published by McGraw-Hill and used as a helpful resource by millions of Oracle professionals worldwide, Oracle Press books address a variety of Oracle and Java-related subjects. The Oracle Academy grants students a 50% discount on Oracle Press books and eBooks. To place an order, sign in and click on "Student Resources". For those who want to interact with Oracle Press authors, read blog posts, download free sample chapters, listen to podcasts, and watch informational videos, there is also an Oracle Press Community.</p> <p>> Oracle Press > Oracle Press Community</p>											
<h3>Articles</h3> <p>Oracle Magazine and Java Magazine offer CS students who want to learn more about Oracle and Java technologies easy access to technical articles written by experts. Profit Magazine helps business students deepen their understanding of how Oracle technology is used to streamline business operations, increase efficiency, and reduce costs.</p> <p>> Oracle Magazine > Java Magazine > Profit Magazine</p>											
<h3>Oracle Learning Library</h3> <p>Visit the Oracle Learning Library and access free online learning content – videos, tutorials, articles, demos, task-specific step-by-step instructions, and more – created by Oracle developers and trusted community members.</p> <p>> Oracle Learning Library</p>											

En el último cuadro de selección tenemos la opción de "Oracle Learning Library" donde podremos enrolarnos en los cursos ofrecidos.
